

Unmet need is concentrated at the bottom of the distribution

Among people with a health need: share who did not receive care, and share citing cost, by SES

Source: ENSANUT 2018-19 (need in last month, roster) and ENSANUT Continua 2024 (need in last 3 months); INSP. Design-based estimates with module weights. Cost = 'es caro' / 'no tenia dinero' / told to pay (2018 codes P4_9_12-14; 2024 codes H0405A-C=4, H0407A-C=8,9). Recall windows and need concepts differ across waves; levels are not directly comparable.
